Fritz Hansen Caravaggio Read Table

The Caravaggio Read table lamp is a chic and elegant light that was designed in 2005 by Cecilie Manz. A small and versatile lamp, this lamp can be rotated up to 260° around its axis, giving you an astonishing amount of flexibility and allowing you to direct the light where you need. The table lamp also comes with a 3 step touch dimmer so you can create the atmosphere you want.

The Caravaggio Read table light is perfect for putting on tables, side tables, desks and because of its small size can also be placed on window sills and shelves. Wonderful as a reading/task light and as an ambient producing lamp, this table light looks marvellous in many types of interiors in homes and commercial spaces.
