&Tradition Copenhagen SC7 Pendant

Designed by Space Copenhagen, the Copenhagen SC7 Pendant epitomises the studio's design style, which they call Poetic Modernism. Within this style, the designers seek to balance opposites, creating contrasts to produce pieces that blend interesting sculptural design with functional innovation. The Copenhagen SC7 Pendant features an industrial-looking metal fitting with a delicate and classic lampshade, resulting in a light fixture that embodies an intriguing contrast.

The SC7 Pendant evokes the aesthetic of maritime gas lamps, silhouetted against a dark Nordic sky. When switched on, the pendant guides diffused light downward into a soft and warm glow, perfect for illuminating a dining table. With a choice between a matt black metal or opal glass shade, the SC7 blends seamlessly into a range of interiors, both classic and contemporary. Display with other pieces from the **Copenhagen Collection** for an elegant expression throughout the home.
