Ambit Pendant by Muuto

Muuto's Ambit Pendant is a timeless and versatile lighting solution with a strong character, encapsulating the values of Muuto's Scandinavian design. The metal lampshade is crafted from old brazier traditions: press spun by hand, polished and finally hand-painted. The pendant was created by trying to combine a round and a triangular shape, resulting in an intriguing and unique form that is delicate and inviting.

The Ambit Pendant is available in a range of colours and has a white-painted interior, adding a delicate contrast to its outside shade while also ensuring that maximum downward light is emitted from the lamp. The Ambit pendant is also available in four sizes, allowing it to adapt to a range of interiors - it can also be displayed individually or in grouped installations for larger environments.
