PRODUCT DESCRIPTION

Designer: Roberto Menghi

Fontana Arte Globo Di Luce Pendant Light

Designed by Roberto Menghi in 1968, the Fontana Arte Globo Di Luce Pendant captivates with its bold, spherical silhouette and metallised glass finish. Available in three sizes and two luxurious finishes—chrome and copper—the pendant features a hand-blown glass diffuser that mirrors its surroundings, creating stunning reflections and optical illusions. The transparent power cable enhances the pendant's floating effect, making it an eye-catching addition to any space.

The inner anodised aluminium reflector directs light downward, producing a warm and inviting glow perfect for creating ambience in living rooms, dining areas, and bedrooms. Fully dimmable, the Globo Di Luce Pendant allows you to tailor the lighting to suit any mood or occasion. Whether displayed individually or in clusters, this iconic design brings timeless elegance and versatility to residential and commercial interiors alike.
