PRODUCT DESCRIPTION

Designer: Alvaro Siza

Fontana Arte Falena Table

The Fontana Arte Falena Table Lamp, crafted by renowned designer Alvaro Siza, brings a sense of lightness and refinement to any space. Known for its clean and elegant structure, the Falena table lamp is designed to offer precise and adaptable lighting. Its chromed metal body allows for full 360° rotation, while the anodised aluminium diffuser wings pivot to allow complete control over light direction, making it suitable for task lighting or ambient illumination.

This low-voltage table lamp is equipped with a dual-intensity switch, providing flexibility in brightness. The base is made of cut float glass, and the lamp features an integrated electronic plug-in transformer on the cable. A sandblasted glass screen shields the bulb, adding a subtle diffusion to the light. Ideal for contemporary interiors, this lamp provides both functionality and style to desks, side tables, and workspaces.
