Fontana Arte Bianca LED Floor Lamp

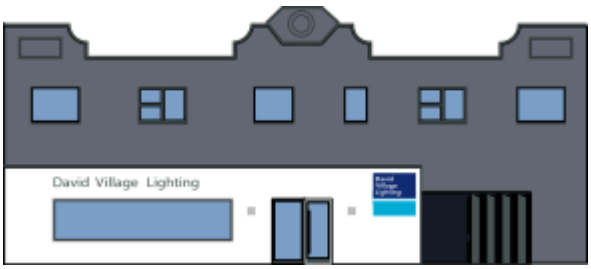

The Bianca floor lamp by Fontana Arte, designed by Matti Klenell, combines minimalist design with artisanal craftsmanship. Standing at 130cm, its glass diffuser is meticulously hand-blown and finished with a satin "silk effect," creating a gentle ambient glow. The surface features delicate grooves etched into the glass, reminiscent of soft footprints on fresh snow. This lamp is perfect for adding subtle warmth to living rooms, studies, or bedrooms.

The technique to create the diffusers is a traditional Venetian production process which is performed without any external aids for turning and shaping the glass blob inside the mould, but relies solely on the glassbottom's skill and lung capacity – a challenge for even the most skilled craftsmen.
