PRODUCT DESCRIPTION

Designer: Enzo Catellani

Catellani & Smith Lederam W1 LED Wall Light

Designed by Enzo Catellani, the Catellani & Smith Lederam W1 Wall Light is a simple and classic design that will easily elevate your hallway or corridor space. Bringing a stunning indirect light and magically elongating your wall space with the dramatic display of LED diffused light. The aluminium disc is beautifully finished with a metallic leaf texture that brings a luxurious touch to your home, while the integrated LED helps to keep the frame slender and save space.

Available in two sizes, a 25cm and 17cm, the Lederam W1 Wall Light can be placed anywhere and enjoyed as a stunning fixture, as well as a functional wall light. The disc can be adjusted to alter the light output and angle, in order to personalise the ambience of your space; this makes it an ideal addition to a busy and practical home. It can also be used to add a touch of modern elegance to commercial spaces, especially in the hospitality sector, such as in restaurants, bars, cafes or hotels.
