Jens Fager envisioned a candelabra with a light weight design, harmonic and steady with a timeless look. The result, the Open Candelabra by Muuto is a slim, simple candle holder that can fit up to 3 candles. The Open Candelabra is almost two-dimensional and can fit seamlessly both on a large table surface and a windowsill.

Light and slender, that is how we characterise the Open Candelabra. The candle holder is available in four earthly colours, black, white, green or light terracotta and a frame made of aluminum alloy. Please note: the Open Candelabra comes in a pack of two and cannot be sold separately.
