Crushed Bowls by Muuto

The price displayed is for two bowls.

Designed by Julien De Smedt (JDS Architects), the Crushed Bowl provides a new take on traditional serving bowls. A deconstruction of the classic bowl, the Crushed Bowl is made from fine porcelain with a geometric triangular structure, making it functional and playful. Made from equilateral porcelain triangles, the Crushed Bowl is design with practical every day use in mind.

The cutting edge design of the Crushed Bowl makes it suitable for use in multiple settings whether it is in the home or commercially in a salon or shop display. The Crushed Bowl comes in two sizes; the smaller perfect for snacks, keys or spare change while the larger is big enough to act as a salad or fruit bowl.

Pack Size: 2
