Fritz Hansen Night Owl Table Lamp

Designed by Nikolai Wiig Hansen in 2015, the Fritz Hansen Night Owl Table Lamp was created with the intention of developing a Nordic cosy lighting solution. The lamp is made with a lovely asymmetric oval shade that has an intriguing and unique look, and the base is conical, completing the overall aesthetic. The bottom of the shade has a diffuser to create a warm glow that is glare-free and atmospheric for a cosy downlight.

The Night Owl Table Lamp is available in 6 colours, midnight blue and smokey white, with a base either in the same colour or with an organic ash wood finish, or in two high gloss finishes: Black and Steel. Both offering an elegant aesthetic, this table lamp can be used in a variety of spaces, and the compact size makes it perfect for bedside tables, shelves and window sills.
