Vibia North Floor 5600.

The North floor lamp collection is an Arik Levy design. Its design is elegant, varied, dynamic and very adaptable. The North collection makes it possible to bring light to exactly where we want it. Several arms protrude from the base in order to provide a focused lighting effect where needed. Vibia produces the North floor lamps in different finishes responding to contemporary trends as well as using LED as a light source. All floor lamp models can be plugged in or directly connected.
