PRODUCT DESCRIPTION

Designer: Flynn Talbot

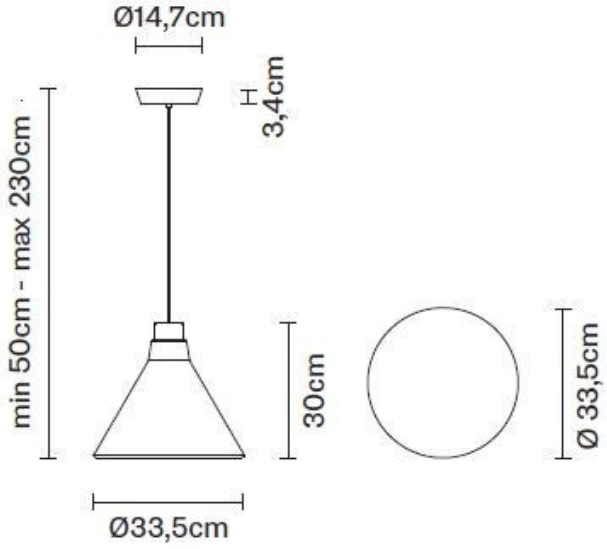

Fabbian Polair LED Pendant

The Fabbian Polair Pendant is a sleek contemporary lighting solution designed by Marc Sadler, it consists of a comical Pyrex glass shade and a black aluminium structure. The glass is sandblasted at the bottom and is designed to give a physical presence to invisible rays of light, creating a very soft and delicate downlight which is excellent for use above kitchen islands and dining tables. Due to it's IP40 rating, the Fabbian Polair can also be utilised in bathrooms, a beautiful addition to your sink area for a refreshing way to start your day.

The Polair LED Pendant captures the magic of light and offers a sleek modern touch to your interior, it can be displayed individually or in linear rows or clusters for larger spaces. It can also be supplied with a multi-canopy to create larger installations, please contact us for more information and pricing.
