PRODUCT DESCRIPTION

Designer: Davide Groppi

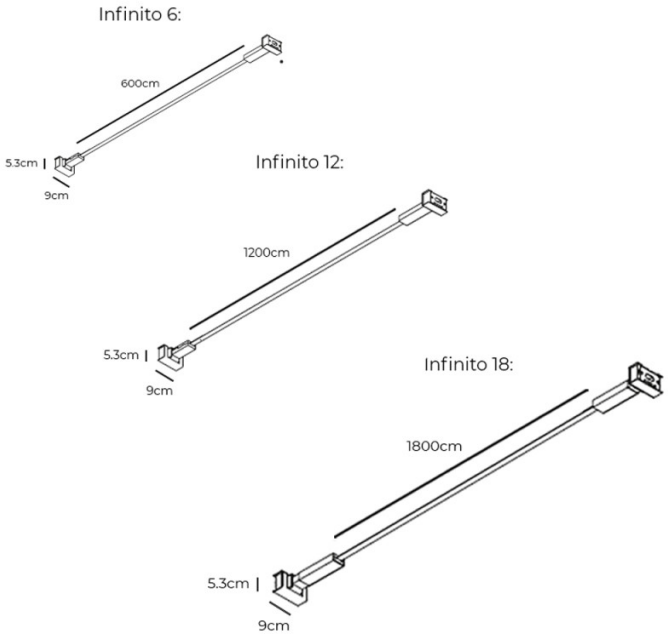

Davide Groppi Infinito Wall/Ceiling Light

The Infinito Wall/Ceiling Light was designed by Davide Groppi in 2016. This design achieved two awards: the Archiproducts Design Award in 2017 and the People's Choice AZ Award in 2017. Infinito is a project that offers boundless amounts of light; thin strips of steel can be added to give it a length of up to 18 meters. The installation of the Infinito has no limitations; you can stretch it from wall to wall, or ceiling to floor, depending on your preference.

Davide Groppi Infinito Wall/Ceiling Light is an ultra-thin strip of special stainless steel, just 18mm wide, that cuts the space to produce indirect light. Infinito breaks down the luminaire, turning the structure into a crisp line. Infinito Wall/Ceiling Light uses a modern lighting solution that utilises LED technology and produces a direct downlight.

PRODUCT SPECIFICATION

Light Source:	**Infinito 6**: 60W, 3000K, 7200 Lumens **Infinito 12**: 120W, 3000K, 14400 Lumens **Infinito 18**: 171W, 3000K, 20124 Lumens
IP Code:	20
Dimming:	Dimmable via Push/1-10V dimming systems. Please consult your electrician, additional wiring may be required on-site.
Dimensions:	**Infinito 6**: Length: 600cm Wall Fitting: 9 x 5.3cm **Infinito 12**: Length: 1200cm Wall Fitting: 9 x 5.3cm **Infinito 18**: Length: 1800cm Wall Fitting: 9 x 5.3cm
