PRODUCT DESCRIPTION

Designer: Davide Groppi

Davide Groppi Neuro Suspension

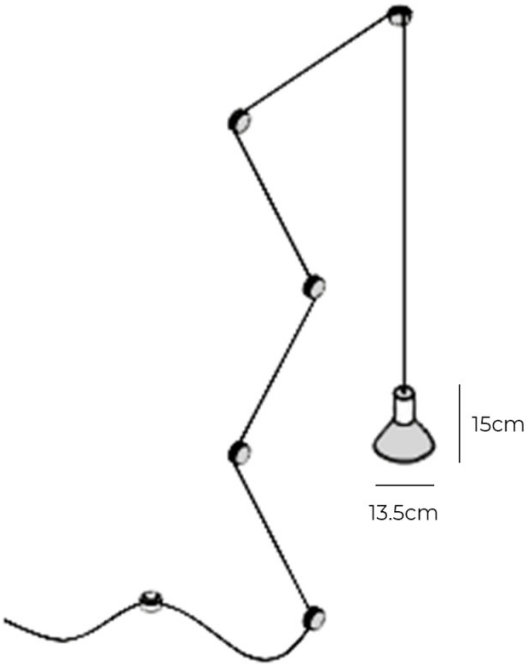

The Davide Groppi Neuro Suspension Light was designed in 2013. This simple project revives electrical cables to produce an industrial aesthetic which can be featured in both commercial and residential environments. The idea behind this light is to bring light wherever you like, starting from the wall socket. This innovative pendant was awarded the Design Plus award by Lighting+Building in 2014, proving that the Neuro Suspension is both decorative and functional.

Neuro Suspension is a striking lighting solution perfect for adding a touch of elegance to any space. This stunning fixture comes with a generous 1000cm cable, providing flexibility. The sleek design is accentuated by a stylish black colourway, making it a versatile choice for various interior styles.

Please note: this product is supplied with a plug and needs to be installed near a wall or floor socket.
