PRODUCT DESCRIPTION

Designer: Alex Fernández Camps & Gonzalo Milá

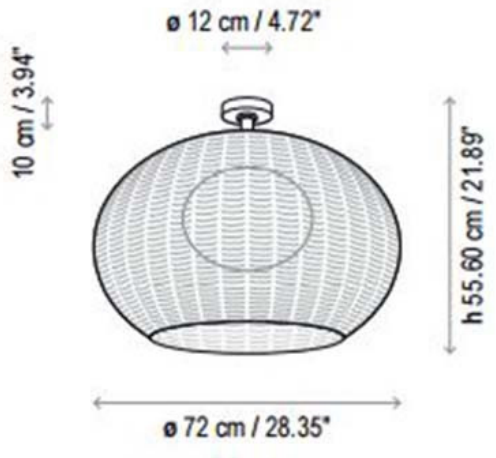

Bover Garota PF/02 Outdoor Ceiling Light

The Bover PF/02 Outdoor Ceiling Light was designed by Alex Fernández Camps & Gonzalo Milá and is a larger version of the Bover Garota PF/01 Ceiling Light. This large outdoor ceiling lamp harnesses a frame and canopy, crafted from aluminium, that can withstand exposure to the elements. The hand woven shade is composed of hand wrapped polyethylene synthetic fibre and the light source is protected by a frosted, polyethylene globe of medium density and UV protection.

Although made from sturdy and durable materials, the Bover Garota PF/02 Ceiling Light still emits a warm and delicate illumination, providing a peaceful atmosphere. The rounded shade and textured surface reflects in the shadows that the Garota curates on the ceiling when it is switched on. This ceiling lamp is ideal for both private and commercial outdoor areas, bathing them in atmospheric light while adding a Mediterranean and stylish touch to the space.
