Ameluna RGB by Artemide

The Ameluna RGB is controlled via the Artemide App, allowing you to adjust the light intensity and colour emission. By downloading the app on your phone or tablet, you can control and create scenarios.

Ameluna suspension light was created by Mercedes-Benz in collaboration with Artemide. The name Ameluna word comes from mixing Artemide, Mercedes-Benz and the word luna, Italian for moon. The suspension has a transparent body and an aluminium frame, emitting a direct and slightly refracted light. A light that combines beauty and intelligence.
