PRODUCT DESCRIPTION

Designer: Resident Studio

Resident Cross Pendant LED Light

The Resident Cross Pendant Light is a striking example of contemporary design and precision craftsmanship. Handmade at the Resident studio in Auckland, New Zealand, this pendant seamlessly combines the beauty of geometric accuracy with functional illumination. First introduced in 2013, the Cross pendant features a recessed frosted acrylic diffuser that softens its high-quality LED light source, creating a warm, even glow.

Suspended by slimline wires, the pendant appears to float effortlessly, making it a versatile choice for both residential and commercial interiors. The Cross pendant can stand alone as a statement piece, be arranged in multiples. For more details on dimmable options, please **contact us**.
