PRODUCT DESCRIPTION

Designer: Cheshire Architects

Resident Oud LED Table Lamp

The Resident Oud LED Table Lamp, designed by Cheshire Architects, merges functionality with refined design. Its minimalist frame, crafted from a single seamless bar, elegantly conceals an integrated LED light source. This design provides a warm, downward-directed glow with a 2800K colour temperature, ideal for reading or focused tasks.

A polished marble sphere at the base serves as a tactile on/off switch, effortlessly activated with a quarter turn. Available in two sophisticated finishes, black with a cream onyx marble sphere or brass with a rossa marble sphere, the Oud Table Lamp adds a modern yet timeless touch to any space. Handmade in Auckland, New Zealand, this lamp is a testament to meticulous craftsmanship and innovative design.

Please note, this product is also available in a Steel/Verde finish, please contact us for further information and pricing.
