PRODUCT DESCRIPTION

Designer: Phillipe Starck

Flos Bon Jour Unplugged LED Portable Lamp

The contemporary Bon Jour Unplugged Portable Lamp, by Philippe Starck, is a slightly smaller, portable version of the original **Bon Jour**. Boasting the same minimalistic design as the original, the Bon Jour Unplugged has been updated to improve user experience. This new iteration features a rechargeable battery, which has a life of six hours after being charged with the included charger cable. The lamp also has an optical switch sensor on the base that provides a 4-step dimming function.

Philippe Starck designed the Bon Jour with revolutionary “Edge Lighting” technology; the ultra-flat LED light source is almost invisible and provides a perfectly uniform light, perfect for dining beside or bedside table, or as a reading light. The Bon Jour Unplugged Portable Lamp is available in eight luxurious finishes: Almost White, Stormy Grey, Faded Blu, French Rose, Fresh Mint, Copper, Chrome, and Black Chrome.

Please Note: A transparent crown is included with each lamp. Flos also offer four additional crowns, Amber, Rattan, Fabric, and Fumée, which can be purchased separately. These interchangeable accessories allow for customisation, offering the opportunity to refresh your lamp's aesthetic whenever you please. Contact us for more information.
