PRODUCT DESCRIPTION

Designer: Oki Sato

Wastberg w132 Nendo S1 LED Suspension Light

The W132 Nendo Suspension light was designed by Oki Sato for Wastberg and adds a touch of modern minimalism to your interior. This suspension light offers a choice between three types of shades, whilst the height and form of the light can be easily changed by rearranging the components.

The Nendo Suspension is both stylish and practical, when in use the lacquered steel shade directs light elegantly downwards, creating a soft glow on the environment below. This design captures attention, no matter which room you decide to display it in. The W132 Nendo Pendant Lamp is great for both living and working spaces such as offices, in dining areas and even in hotel lobbies.
