PRODUCT DESCRIPTION

Designer: Rodolfo Dordoni

Foscarini Buds Pendant Light

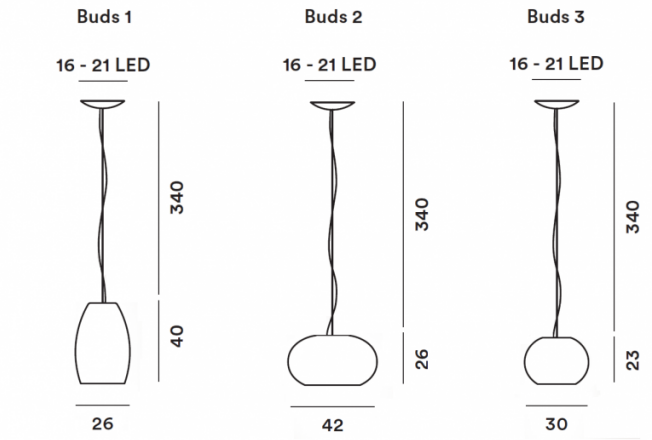

The Buds pendant light is from the Foscarini Buds collection, a range that was first released by designer Rodolfo Dordoni in the 1990s alongside other ranges, Fruits and Blossom, for Foscarini. The Buds collection has now been re-invigorated, and updated for the modern user whilst maintaining its iconic design.

The Buds pendant is made from blown glass using a five-layer hand-crafting technique, bringing truly quality design to your interior. The pendant is available in 3 variations, with each light having its own unique character and silhouette. The various finishes available also allow you to match them to your design scheme. The pendant light produces a downward-directed light that is nicely diffused, perfect for hanging over tables and surfaces and as a main light for the room. Mix and match versions and colours to create variety in your interior and use either in rows or clusters.

These pendant lights are also available with an integrated LED light source. Please click here to find out more.

PRODUCT SPECIFICATION

Light Source:	1 x Max 20W E27 LED (included by Foscarini)
