PRODUCT DESCRIPTION

Designer: Garcia Cumini

Foscaini Spokes 3 LED Pendant Light

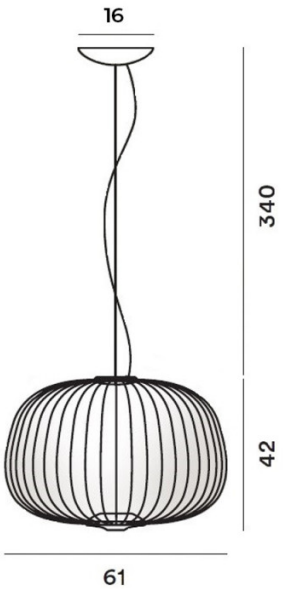

The spatial and delicate nature of Foscarini's Spoke 3 Pendant is juxtaposed with the solidity of the metal rods, making the pendant light suitable for both living spaces and public venues and ideal in large architectural contexts as well as in its multiple compositions.

The Foscarini Spokes range by Garcia Cumini was inspired by and meant to replicate aviaries and lanterns, reflected in the cage-like appearance of the pendant with its spatial feel. The name Spokes came from the spokes that adorn a bicycle wheel. Available in 5 colours, the Foscarini Spokes 3 Pendant Light will suit any interior style and will last long thanks to its integrated LED light source. See other pendant lights within the Foscarini Spokes Collection, to mix and match shapes and sizes in your space.

Please Note: Foscarini are currently making adjustments to the LED light source of the Spokes. This means the brand is currently providing two slightly different versions, and if you are wishing to purchase more than one Foscarini Spokes Pendant, please contact us to ensure all fittings are supplied with the same specifications.
