PRODUCT DESCRIPTION

Designer: Benedetta Tagliabue

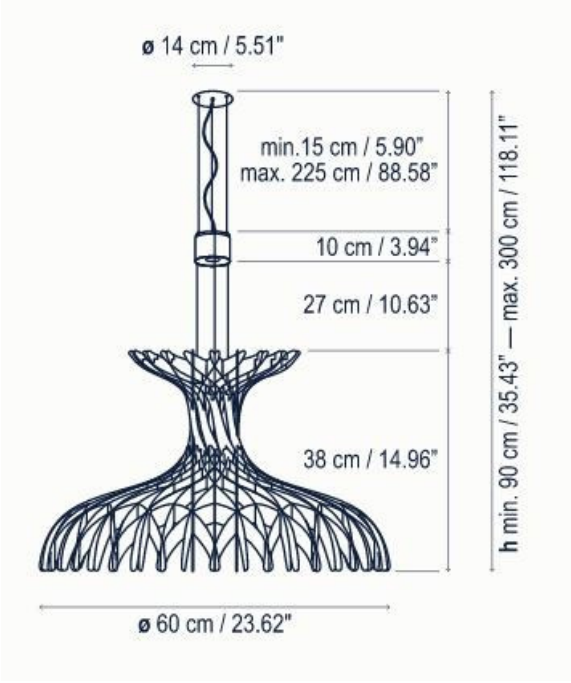

Bover Dome 60 LED Pendant

Designed by Benedetta Tagliabue, the Bover Dome 60 LED Pendant is a beautiful combination of art and light - Tagliabue wanted to create a light sculpture rather than a typical luminaire, and the result is a lighting solution which confers it's own personality, and is sure to be a conversation starter no matter where it is showcased.

Each Bover Dome LED Pendant is hand crafted and utilises high quality natural materials, more than 165 beech wood pieces are merged together to form the wooden shade. The LED light source sits above the structure to illuminate throughout the open and diffused portions of the wooden frame; casting beautiful shadow patterns on your surfaces below.
