PRODUCT DESCRIPTION

Astro Edge Reader LED Wall Light

A beautiful wall light, ideal for reading or working, the Edge Reader is available with a single switch on the wall fitting. Edge Reader has a dual light source, one from the spotlight and another from behind the wall fitting. This secondary LED light source makes the wall light to stand out and also brings a warm light into the room. The spotlight itself is adjustable and can be tilted up to 90° or rotated up to 330°. With an IP20 the wall light by Astro is rated for use in bathrooms (strictly zone 3) and can also be mounted on flammable materials.
