Astro Homefield 240 Pendant Light

The Astro Homefield Pendant 240 is a lantern-style pendant light with a simple, traditional character that works across both classic and contemporary settings. Its mild steel frame and clear glass panels leave the lamp visible within the fitting, creating a decorative glow suited to entrances, covered patios, porches, and selected interior spaces.

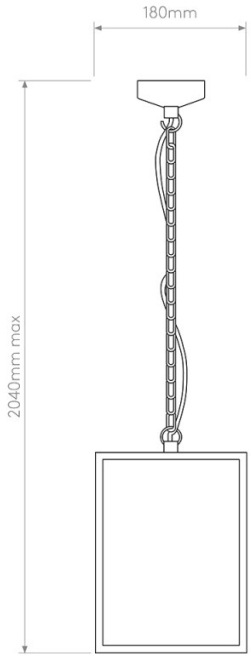

Finished in Textured Black, Homefield Pendant 240 has a restrained exterior look that can sit neatly within a wide range of schemes. The clear glass keeps the fitting visually open, while the lantern form adds character without becoming overly ornate. Rated IP23, it is suitable for interior use and sheltered exterior settings, and can also be installed in bathroom zone 3.

Homefield Pendant 240 uses one E27 lamp, sold separately, and is dimmable when paired with a compatible dimmable bulb. It is wired in, suitable for mounting on flammable surfaces, and supplied with clear glass detailing. Please note that this product is not suitable for installation within five miles of the coast.

Best suited to covered entrances, porches, sheltered patios, garden rooms, hallways, and bathroom zone 3 pendant lighting.
