## PRODUCT DESCRIPTION

**Designer:** Astro Design Team

## Astro Homefield 240 Pendant Light

The Astro Homefield 240 is a lantern style pendant light with a simple, traditional character that works well across both classic and contemporary settings. Its mild steel frame and clear glass panels leave the lamp visible within the fitting, creating a warm and inviting look that suits entrances, covered patios, porches and sheltered outdoor areas, as well as selected interior spaces.

Finished in Textured Black, Homefield Pendant 240 has a restrained exterior look that can sit neatly within a wide range of schemes. The clear glass keeps the fitting feeling light and open, while the lantern form adds a decorative quality without becoming overly ornate. Rated IP23, it is suitable for interior use and for sheltered exterior settings, and can also be installed in bathroom zone 3.
