Astro Mast Outdoor Wall Light

Astro Mast Outdoor Wall Light is a compact exterior wall light with a durable, minimalist design. The light is cast downwards onto the wall, giving clear illumination without glare and helping to keep the view of the night sky more natural.

The standard Mast Wall Light is made from aluminium with a clear glass diffuser. It is rated IP65, so it can be used outdoors and in bathroom zones 1, 2, and 3. Available finishes are Antique Brass, Textured Black, Textured Grey, and Textured White.

Mast uses one GU10 lamp, sold separately, and can be dimmed when used with a compatible dimmable bulb. It is wired in, Class I, and suitable for mounting on flammable surfaces. This version is not suitable for installation within five miles of the coast, a coastal IP44 version of this product is **available**.

Best suited to exterior walls, entrances, pathways, patios, porches, and bathroom wall lighting.
