Le Klint Swirl 3 Pendant

Danish designer Øivind Slaatto created the Swirl 3 pendant for Le Klint. Slatto blended Le Klint's DNA with his own fascination with nature and mathematics to create the shade. The classic, clean aesthetic is typical for a Le Klint lamp, while the spiralling form references a snail's shell and fractals. The curved slats of the Swirl 3 pendant eliminate glare while evenly distributing light across the room. This creates a functional light that has a decorative appearance.

The Swirl 3 pendant is available in 3 sizes and in 2 finishes, allowing you to find a pendant that suits your space and décor. Display over a surface such as a kitchen island or dining room table for functional lighting that adds a welcoming ambience to the room. In larger spaces, install the Swirl 3 in clusters, altering sizes to create a captivating display that draws the eye. This adaptability makes the Swirl 3 well-suited to a range of spaces in both domestic and commercial settings.
