Le Klint Swirl Table Lamp

Øivind Slaatto designed the Swirl table lamp for Le Klint. Slaatto drew inspiration from nature for this lamp, looking at the spiralled pattern on a snail's shell. He blends his vision with Le Klint's DNA to create an innovative design with the aesthetic of a classic Le Klint lamp. The Swirl's form is created using high-quality plastic, expertly folded until the spiralled shape is created.

The plastic slats that make up the Swirl's shade diffuse light from within, creating a vortex of light and shadow. The glare-free light surrounds the lamp in a warm glow, perfect for adding a welcoming ambience to a sitting room or lounge area. The sleek, uncluttered profile of the lamp suits both classic and contemporary interiors. Display with the **Swirl floor lamp** to create a sense of balance in a room.
