PRODUCT DESCRIPTION

Designer: Lise Navne

Le Klint Donut 195 Pendant

The Le Klint 195 pendant light was designed in 2007 by Lise Navne, and as the name suggests, she took inspiration from the shape of a doughnut. Unlike its namesake, the centre of the pendant is enclosed. The plates at the top and bottom of the shade are available in highly polished steel or brushed brass. This metal element creates a stark contrast against the seemingly delicate pleated shade. Like all of Le Klint's pleated lampshades, the Donut takes its shape in Odense, Denmark, where the plastic foil is hand-folded by expert craftspeople.

The Donut pendant diffuses light across its large surface area, creating a warm glow that surrounds the shade. A singular pendant hanging above a dining room table works as an effective yet eye-catching lighting solution. Available in two sizes, the pendants can be installed in clusters, varying in size and height to create a dynamic lighting display. In commercial environments, the Donut pendant is ideally suited to the hospitality sector, adding a welcoming ambience to hotel lobbies, bars, or restaurants.

PRODUCT SPECIFICATION

Light Source: 2 x Max 11W E27 LED (Included)

IP Code: 20

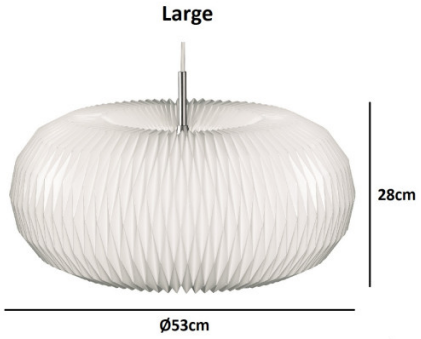

Dimming: Dimmable via mains phase dimming.

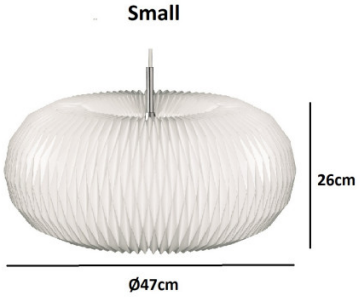

Dimensions:

Small:
Ø47cm
Height: 26cm

Large:
Ø53cm
Height: 28cm

Cable Length: 300cm
