312 Floor Lamp by Le Klint

Released in 2011, the 312 floor lamp is part of the [Le Klint 312 All In collection](#) by Tine Mouritsen. The contemporary floor lamp is made from pleated plastic foil, a trademark design feature of Le Klint, combined with an acrylic tube to produce a light that glows from top to bottom.

Available in 3 different sizes, this floor lamp has a far reaching light that will create a nice atmosphere in both domestic and commercial spaces. To make a real statement, combine all 3 sizes together to create a stunning light feature.
