PRODUCT DESCRIPTION

Designer: Kaare Klint

Le Klint 101 Lantern Pendant

The Model 101 Lantern was designed by Kaare Klint in 1944 and is considered the most detailed of the Le Klint pendant lights. Model 101 pendant is an excellent example of craftsmanship and technology. Each shade is expertly hand-folded from Le Klint's pleating studio in Odense, Denmark. All sizes are available with a plastic foil shade while the small and medium are also available with a paper shade. The plastic shade is durable, easy to clean, and fire-resistant. The paper shade will patinate over time and develop a golden hue.

The Model 101 provides a warm, glare-free glow that fills the room with a cosy atmosphere. The enclosed shade makes it well suited to hanging at height, over a surface such as a kitchen island or dining table. In commercial spaces, the 101 blends seamlessly into hospitality settings. Display in a hotel lobby or restaurant to add a welcoming ambiance to the space.

PRODUCT SPECIFICATION
