Le Klint 101 XL Pendant

The 101 XL Pendant was created in 1944 by Kaare Klint, then known as The Lantern. This classic luminaire is a prime example of excellent craftsmanship and innovative design, something that lighting brand Le Klint is renowned for. Each shade is handcrafted from Le Klint's standard plastic foil sheet that is expertly folded into pleats until the familiar shape of the shade is formed. Available with a choice of brass or steel holder, an ornate detail that adds to the delicate appearance of the pendant.

The folded shade diffuses light into a warm glow that surrounds the shade and fills the room with an ambient light. The pleats create a play of light and shadow as light is emitted from within, creating a captivating display, perfect for illuminating communal spaces. The 101 Pendant is ideal above a dining room table or hung in multiples with the **101 Lantern Pendant** as a large installation in spacious interiors.
