FRITZ HANSEN

Kaiser Idell 6556 Table Lamp by Fritz Hansen

Designed by Christian Dell in 1931, the Kaiser Idell 6556 table lamp is still as relevant today as it was when it was first released, being an elegant and stylish choice for your space. Alongside other lights from the [Fritz Hansen Kaiser Idell collection](#), this table lamp is both contemporary and timeless, being the epitome of Bauhaus design which dominated in the early 20th century and still influences modern design aesthetics. The Kaiser Idell table lamp has sleek, curved lines with a lampshade that is iconic. It emits a soft, warming glow which creates a welcoming and cosy atmosphere.

The Kaiser Idell 6556 table light is also functional as the arm of the lamp can be moved from 15° and 18° to direct the light where you need. Available in 3 subtle colours, this table light can be used in a wide variety of settings to add a chic touch to the room. Suitable for commercial and domestic settings, pair with the [Fritz Hansen Kaiser Idell 6556 floor lamp](#) to have a consistent light scheme.
