PRODUCT DESCRIPTION

Designer: Christian Dell

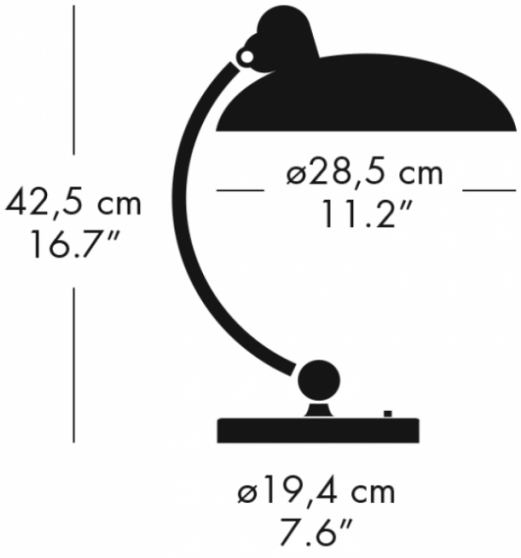

Fritz Hansen Kaiser Idell 6631 Luxus Table Lamp

Originally released in 1936, Fritz Hansen has brought the Kaiser Idell 6631 Luxus Table Lamp to the modern eye, showing off its timeless and stylish aesthetic. Designed by Christian Idell, it is a part of the **Fritz Hansen Kaiser Idell Collection**, which is an elegant range, based on the aesthetic qualities representative of the 20th-century Bauhaus design school. The lampshade has a rounded shape and the stem is beautifully curved, creating an iconic design that is instantly recognisable. The table lamp can be moved from the stem by loosening the clamp at the base, and the shade can also be adjusted so you can direct the light where you need.

Perfect for desks and tables to use as a reading or task light, the Kaiser Idell 6631 Luxus Table Lamp will add a vintage touch to the room, even in contemporary design schemes. Available in a range of finishes, the table light has a contrasting chrome and colour theme to maintain a fresh and vibrant look. Match with the **Kaiser Idell 6580-F Luxus Floor Lamp** to create a room inspired by Dell, either at the office or at home.
