PRODUCT DESCRIPTION

Designer: Christian Dell

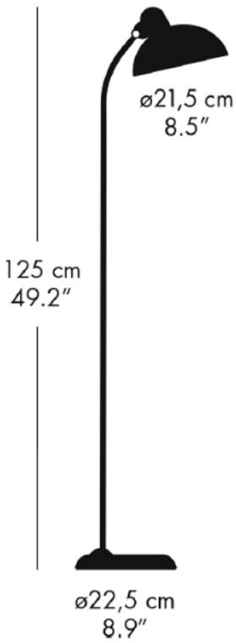

Fritz Hansen Kaiser Idell 6556 Floor Lamp

The Kaiser Idell 6556 Floor Lamp is part of the **Fritz Hansen Kaiser Idell Collection**, a range which was originally designed by Christian Dell in 1931. With a timeless and elegant style, the Kaiser Idell Floor Lamp exemplifies Bauhaus design, embodying both beauty and function. This floor lamp has a lovely modernistic lampshade that emits a downward glow, which is soft and directional. The stem of the lamp can be moved between 15° and 18°, so you can tilt the light to direct it to where you need.

Perfect as both a reading/task light or for creating ambience, the Kaiser Idell 6556 Floor Light can be used in lounges, dining rooms, bedrooms and reception areas. Suitable in both homes and commercial settings, this floor light is available in various subtle colours: venetian red, white, black, matt black, grey and olive green.
