FRITZ HANSEN

Kaiser Idell 6631 Pendant by Fritz Hansen

The Kaiser Idell 6631 pendant light takes its design from the [Kaiser Idell 6631-T Luxus table lamp](#) which was first released in 1936. The lampshade has the iconic oval shaped design and also incorporates the swivel joint on the top of the shade as seen on the table lamp. Both timeless yet modern, this pendant will add a chic and elegant touch to the room. The pendant light emits a downward directed light which is both far-reaching and inviting, making it wonderful as a main light or as a spotlight over tables and surfaces.

The Kaiser Idell 6631 pendant works wonderfully in kitchens, dining rooms and lounges and can be used in both professional settings and homes. Available in 4 colours, you will be able to find the right finish to match your interior design to make a statement in design without sacrificing focus in the room. Match with other lights from the [Fritz Hansen Kaiser Idell collection](#) to have a coherent theme throughout your space.
