Le Klint 311 Table Lamp

The 311 Table Lamp was originally designed by Esben Klint in 1949. This lamp features Le Klint's signature pleated lampshade, hand-folded from plastic foil. The conical shape of the shade gives the 311 its classic and timeless appearance. The base is handmade from white opal glass with smooth curves that add a touch of elegance. Brass detailing at the top of the base adds an ornamental element, creating a contrast against the white design.

The 311 Table Lamp creates a warm and welcoming ambience in any space. The cone shade guides light downwards and casts it into a wide pool of brightness that surrounds the lamp. The pleats create a play of light and shadow as light permeates through the shade. The 311 Table Lamp is perfect for side tables beside a sofa or at a bedside. Its sleek profile gives the 311 a chic and timeless appearance, allowing it to blend seamlessly into both classic and contemporary interiors.
