Le Klint 314 Table Lamp

The 314 Table Lamp was designed in 1996 by Danish designer Andreas Hansen. Hansen's designs blend form and function while maintaining a minimalistic profile. This is reflected in the 314 lamp, which is clean and uncluttered, free from any unnecessary details. The curved base is made from white opal glass by skilled glassblowers. The pleated shade is hand-folded to create its classic conical shape. Brass detailing at the top of the base breaks up the white design, adding an elegant and ornamental touch to the lamp.

The 314 Table Lamp adds a cosy and welcoming atmosphere to any space. The shade gently diffuses light into a warm glow that surrounds the lamp. It can be used in a variety of settings, such as bedside and side tables next to a sofa, to create functional light while adding a warm ambience to the room. Its chic and timeless aesthetic makes it well-suited to both classic and contemporary decor.
