### PRODUCT DESCRIPTION

**Designer:** Michael Bang

### 321 Floor Lamp by Le Klint

Designed in 1994 by Michael Bang, the 321 floor lamp combines the signature Le Klint folded lampshade with a sleek stainless steel to produce a modern and contemporary looking floor light.

The unique stand is extendable with the total height of the lamp being adjustable between 130-155 cm, meaning you can utilise your space in the best way possible. The top section of the lamp can also be tilted, making the 321 floor lamp a thoroughly functional light. With a diffused light, this floor lamp works well to create a warm atmosphere or as a reading light in both home and commercial spaces.
