PRODUCT DESCRIPTION

Designer: Esben Klint

Le Klint 307 Table Lamp

The original 307 table lamp was designed by Esben Klint in 1948, producing an everlasting design that has inspired lighting design throughout generations. The shade is hand-folded in Le Klint's pleating studio, resulting in a textured design that impresses. The slender frame is made from solid brass, which gives the lamp an elegant aesthetic.

The classic conical shape of the shade gives the 307 its timeless appearance. When illuminated, the shade guides light down and out, casting a wide glow that surrounds the lamp. This warm lighting creates a cosy ambience, perfect for bedrooms, living rooms, and studies. The small circular base provides stability while saving table space. The Model 307 lamp is available with a standard plastic foil shade or a paper shade. The plastic foil shade has a crisp white appearance and is created in Europe. This material is UV resistant, fire retardant, and antistatic. The paper shade has a tactile look and feel and is manufactured in Germany following Le Klint’s strict paper quality. Over time, the paper will patinate and develop a golden hue. Both hand-folded shades add a delicate touch to any interior.

PRODUCT SPECIFICATION

Light Source: 1 x Max 40W E27 (Excluded)

IP Code: 20

Dimming: Integrated on/off switch on the product.

Dimensions: Shade: Ø38cm
Height: 51cm
Cable Length: 225cm
