PRODUCT DESCRIPTION

Designer: Gunnar Biilmann Petersen

Le Klint 343 Table Lamp

The 343 Table Lamp was designed in 1948 by Gunnar Biilmann Petersen for a commission by Le Klint, created especially for Le Klint's iconic pleated shades. The 343 features a green mouth-blown glass base - a departure from Le Klint's standard designs, which are often made from wood, steel, or brass. The vibrant green base alongside Le Klint's shade merges classic Danish design with contemporary expression. Brass detailing at the top of the base adds an ornamental touch to the design that complements the green glass.

The 343 is available with a plastic foil shade or a paper shade. The plastic shade is UV-resistant and fire-retardant. The paper shade is manufactured in Germany and is made following Le Klint's strict standards. Over time, the paper shade will patinate and the white colour will take on a slightly golden hue. Both materials are hand-pleated in the Pleating Studio in Odense, Denmark. These pleated shades gently diffuse light into a gentle glow that surrounds the lamp. Perfect for use on a side table in a living room, the 343 table lamp is a functional light that adds a playful touch and plenty of character to any interior.

PRODUCT SPECIFICATION

Light Source:	1 x Max 40W E27 (Excluded)
IP Code:	20
Dimming:	Integrated on/off switch on the product.
Dimensions:	Shade: Ø40cm Height: 48cm Cable Length: 265cm
