PRODUCT DESCRIPTION

Designer: Aage Petersen

Le Klint 349 Floor Lamp

Designed by Aage Petersen in 1946, the 349 Floor Lamp is an elegant yet practical light that features a geometric frame with striking brass elements. The hand-folded lampshade is available in plastic foil or paper. The standard plastic foil is UV-resistant and fire-retardant. The paper shade is manufactured in Germany following Le Klint's strict standards. Over time, the paper will slowly patinate, forming a slightly golden hue. Each shade is hand-pleated by highly skilled workers in Denmark.

The stand is extendable from 113cm to a total height of 15cm. The arm can be adjusted, and the lampshade can be tilted, giving you the freedom to angle and direct the light wherever needed. This creates a delicate balance between form and functionality, making the 349 ideal for use as a reading light beside a sofa. The pleated shade diffuses light into a gentle glow that surrounds the lamp and fills the room with a warm and welcoming ambience. Its timeless design makes this floor lamp suitable for both home and commercial interiors and blends seamlessly into classic and contemporary decors.

PRODUCT SPECIFICATION

Light Source:	1 x Max 40W E27 (Excluded)
IP Code:	20
Dimming:	Integrated on/off switch on the product.
Dimensions:	Height: 113-158cm Depth: 55cm Cable Length: 330cm
