PRODUCT DESCRIPTION

Designer: Aage Petersen

Le Klint 351 Floor Lamp

The 351 floor lamp was first designed in 1970 by Aage Petersen for Le Klint. With a tall conical pleated shade and a brass base and stand, the 351 floor light has a timeless and chic aesthetic. Like many Le Klint lampshades, this lamp is available with either a paper shade or a plastic foil shade, which are hand-folded by skilled workers at Le Klint's pleating studio in Denmark. The plastic foil shade is fire and UV-resistant, and while both materials are similar in appearance, the paper shade will patinate over time, creating a golden hue in its white colour.

The stand has an adjustable height, which starts at 121 cm and can be extended up to 170 cm, making this light practical as well as elegant. The pleated shade diffuses light into a soft glow that surrounds the lamp, creating a light that's both functional and welcoming. Suitable for both domestic and office areas, pair the 351 floor lamp with the **352 table lamp** to create balance and consistency in your décor.

PRODUCT SPECIFICATION

Light Source:	1 x Max 60W E27 (Excluded)
IP Code:	20
Dimming:	Integrated on/off switch on the product.
Dimensions:	Shade: Ø55cm Height: 121-170cm Cable Length: 235cm
