PRODUCT DESCRIPTION

Designer: Jens Fager

Zero White Suspension 700.

White represents light, transparency and accessibility. The slightly flattened sphere in combination with the innovative, paper-like material gives vitality and creates a pleasant and even illumination. White is available in three sizes, making its areas of use even wider. Due to its anti-static surface, dust is avoided, making it particularly suitable for public environments. Integrated LED and integrated dimmable LED options also available, please contact us for more information.
