PRODUCT DESCRIPTION

Designer: Front

Zero Mist LED Suspension

The Zero Mist LED Suspension Light continues Front's exploration of material and atmosphere through lighting. With its dual-globe design, the pendant softly diffuses light through a hand-blown outer glass shade and an inner acrylic diffuser, available in opal white, yellow, or pink. The glass's subtle variation adds character, creating a glowing, mist-like effect that's both gentle and expressive.

Available in two sizes (Ø250mm and Ø350mm), the Mist pendant suits a range of interior applications, from bedrooms and lounges to restaurant or retail settings. It comes with a 2-metre cable and can be mounted individually or in groups for greater impact.

Please note, dimmable options are available. Contact us for pricing and information.
