PRODUCT DESCRIPTION

Designer: Front

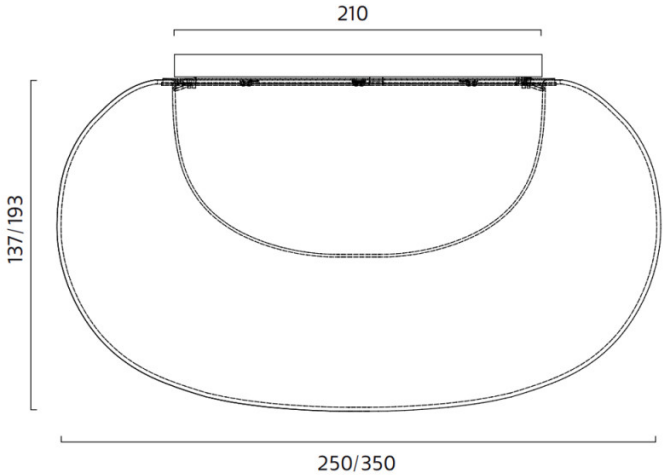

Zero Mist LED Ceiling / Wall Light

The Zero Mist LED Ceiling / Wall Light by Front brings a delicate, layered quality to interior lighting. Featuring a dual-globe structure, this fixture pairs a hand-blown outer glass shade with an acrylic inner diffuser in opal white, yellow, or pink. The semi-transparency of the glass gives the impression of light gently emerging through mist, offering a unique blend of softness and depth.

Designed to mount on either walls or ceilings, the Mist fixture is ideal for hallways, bedrooms, and soft-lit living spaces. It houses an integrated LED light source in 9W (250) or 18W (350) outputs, with a warm 3000K colour temperature. Dimmable versions are available on request, allowing for tailored ambience. Each piece is subtly unique due to the nature of the glass, making it a quietly expressive element in any setting.

PRODUCT SPECIFICATION

Light Source:	**250:** 9W, 3000K, 880 Lumens **350:** 18W, 3000K, 1535 Lumens
