ZERO

Zero Mist Ceiling/Wall by Front Design.

With Mist, Front continues its design experimentation with light and shade, hand-blown glass and LED technology. The result is a pendant, ceiling- and wall-fixture with double globes that diffuse the light evenly and pleasantly. The semitransparency of the outer glass globe provides depth and creates an illusion of light glowing through a mist.

The inner shade is available in opal white, yellow or pink as standard.

Integrated LED.

LED dimmable version also available.

IP Code: 20
