PRODUCT DESCRIPTION

Designer: Joel Hoff

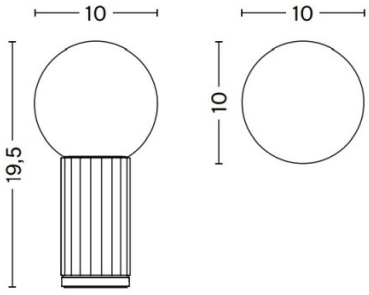

HAY Turn On Table Lamp

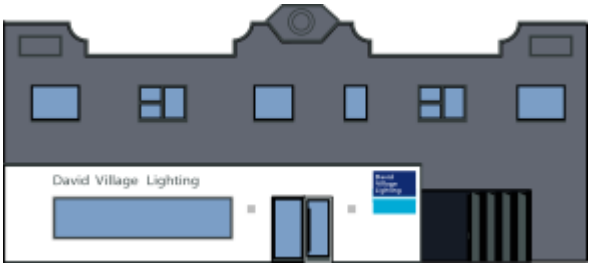

Designed by Joel Hoff, the HAY Turn On Table Lamp is a sleek, contemporary luminaire defined by its intuitive design. An extruded aluminium base supports the spherical glass diffuser, creating a striking contrast between materials. The base functions as both the stem and light switch: turn it clockwise to switch the lamp on, then continue rotating to gradually increase the brightness. Available in three finishes, Aluminium, Black, and Blue, to suit a range of decors.

The HAY Turn On Table Lamp comes with a replaceable low-voltage LED, offering a lifespan of 25,000 hours. When switched on, the glass diffuser softens light into a glare-free, atmospheric glow, perfect for illuminating a shelf or a dark corner of a room. Display beside a bed or in a reading nook to add a cosy and inviting ambience to the space.

PRODUCT SPECIFICATION

Light Source:	1 x Max 3W G4 LED (Included)
IP Code:	20
Dimming:	Integrated dimmer on the product.
Dimensions:	Ø10cm Height: 19.5cm Cable Length: 200cm
