PRODUCT DESCRIPTION

Designer: Johan Van Hengel

HAY 30 Degrees Pendant Light

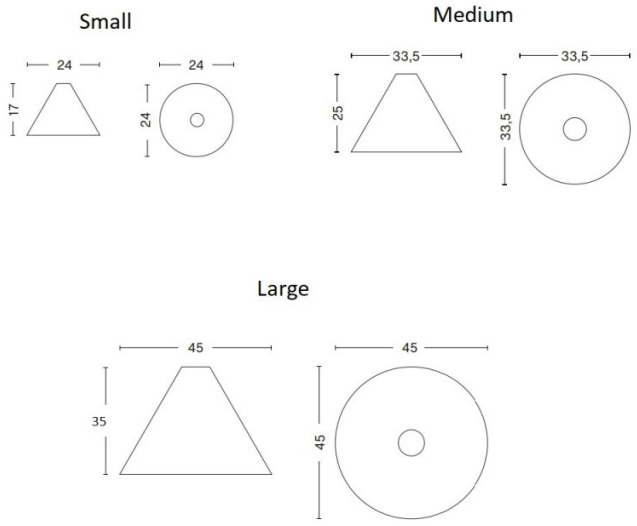

Designed by Johan Van Hengel for HAY, the 30 Degrees Pendant is a refined oak veneer shade with a naturally warm, tactile expression. Its seamless conical form is created by aligning semi-circular veneer sheets at a precise 30-degree angle, allowing the wood grain to flow harmoniously around the shade. Lightweight yet opaque, the laminated construction gives the pendant a clean sculptural presence while directing a warm, focused light downwards.

Available in small, medium and large sizes, the 30 Degrees Pendant works beautifully as a single statement light or arranged in clusters above dining tables, kitchen islands and living spaces. Each shade is sealed with a matt lacquer and can be purchased with or without a 400cm black cord set and matching ceiling canopy. Display in residential or commercial spaces to add a sense of warmth and tactility to the room.

Please note, the cord set for this product is also available in White, Grey, Red, Green, Yellow, Lilac and Navy. Contact us for pricing and information.

PRODUCT SPECIFICATION

Light Source:	**Small:** 1 x Max 8W E27 LED (Excluded) **Medium & Large:** 1 x Max 13W E27 LED (Excluded)
